

4-IN-1 MIRROR CABINET: BEAUTY IN EFFICIENCY

Individual installation
4-in-1 cabinet

Mirror wall installation
3-in-1 cabinet

Ref. 510203

The DELABIE group, specialist in sanitary ware for public places, presents its range of 4-in-1 mirror cabinets. Much more than a simple decorative element, this essential innovation reinvents the sanitary experience in public spaces by combining functionality and aesthetics.

Beauty & utility have never been so good together

A mirror, a soap dispenser, a tap, an air pulse hand dryer... all sensor activated, for impeccable hygiene. And where better to house such elite functions than in a mirror cabinet with subtle lighting and a sleek matte black finish? And the icing on the cake: ultra-easy installation.

Nothing is missing from this blend of technologies: beauty and utility have never been so good together!

A cabinet to suit all styles

Its ability to adapt to any space is its key asset: it can be installed as a wall of mirrors or on its own, for a new washroom or a refurbishment project.

The 4-in-1 cabinet is also available without the "water" function. This 3-in-1 version has been designed for tap lovers who want to leave the tap visible or for renovations where the tap is already present.

With its ambient lighting, the DELABIE mirror cabinet illuminates the washroom and reveals the washbasins.

The attention given to every detail is dedicated to the comfort of users, as much as to the beauty of the projects.

The mirror cabinet revolution: 4-in-1

The DELABIE mirror cabinet combines four essential hand-washing functions - mirror, soap, water and air - while offering a refined aesthetic with its matte black finish and subtle lighting.

Total hygiene

Thanks to its sensors, the DELABIE cabinet ensures impeccable hygiene with no manual contact.

Vandal-resistant

Like every DELABIE accessory, the mirror cabinet is fitted with a lock and standard DELABIE key, providing effective protection against vandalism - an essential feature in public places and high-traffic areas.

Quick and easy to install

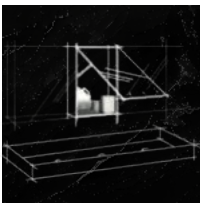

The major advantage of the 4-in-1 mirror cabinet is its ease of installation, with one single electrical supply for all the elements.

Mirror, mirror, on the wall, what's behind your secret door?

DELABIE has developed interior units for installation behind a mirror. Intelligent and flexible, these units can be adapted to suit any layout.

Designed for architects, interior designers, carpenters and installers who create bespoke furniture to fit the dimensions of their project. DELABIE provides interior solutions: soap - water - hand dryer unit, soap - hand dryer unit or soap-only unit. These compact units are designed for quick and easy installation in their own cabinet, behind their mirror.

The DELABIE range of 4-in-1 mirror cabinets is becoming a must-have for both small and large non-domestic installations.

DELABIE, manufacturer's expertise

DELABIE, a 100% family-owned French company, founded in 1928, is the European market leader in water controls and sanitary equipment for public and commercial places. The company offers five product ranges specifically for this market: Commercial water controls, Hospital water controls, Accessibility and Hygienic accessories, Stainless steel sanitary ware and Specialist water controls.

Over 2,000 DELABIE manufactured items, including international references, are exported from its factory in France to more than 90 countries.

The company has 9 subsidiaries worldwide: Germany, Austria, Benelux, United Kingdom, Spain, Portugal, Poland, United Arab Emirates (Dubai) and China (Hong-Kong). For many years, DELABIE has placed ecological concerns at the heart of its philosophy, offering products that are as stylish as they are responsible and sustainable.

For our facilities, production methods, dematerialization, packaging, employee commitment... DELABIE is proud to have received the ECOVADIS silver medal in 2023.
