

Angled grab bar 135°, Ø 25mm, 400 x 400mm

Ref. 5087P

UltraPolish bright polished stainless steel, 3 fixing points

2025 UK public price excluding VAT: £94.12

DESCRIPTION

Angled grab bar 135°, Ø 25mm, 400 x 400mm - Ref. 5087P

Angled grab bar 135° for people with reduced mobility, Ø 25mm. For use as a handrail (horizontal part) or as a grab bar (135° part) for WCs, showers or baths. Universal for either left or right side. Dimensions: 400 x 400mm. Bacteriostatic 304 stainless steel tube. UltraPolish bright polished stainless steel, uniform non-porous surface for easy maintenance and hygiene. Plate welded to the tube by invisible bead weld (process exclusive to ArN-Securit). 40mm gap between the grab bar and the wall: minimal space prevents the forearm passing between the bar and the wall, reducing the risk of fracture in case of loss of balance. 3 fixing points prevent the hand from getting trapped and simplify installation. Concealed fixings, secured to wall on a 3-hole, 304 stainless steel plate, Ø 72mm. Supplied with stainless steel screws for concrete walls. Maximum recommended user weight: 115kg. 30-year warranty. CE marked.

TECHNICAL CHARACTERISTICS

Angled grab bar 135°, Ø 25mm, 400 x 400mm - Ref. 5087P

Height	400mm
Length	400mm
Diameter	Ø 25mm
