COLLECTION

DELABIE

“design, architecture & functionality”

DELABIE is weaving, in modern spaces like museums, restaurants, company headquarters, airports, an essential link between design, architecture and functionality.

A renewed experience combining performance and elegance.

BINOPTIC

100% black chrome design

providing optimal resistance to intensive use,
90% water and energy savings, and complete hygiene:
no manual contact, automatic anti-bacterial duty flush, smooth spout interior.

BLACK BINOPTIC

At **DELABIE**, the move to more up-market public spaces goes hand-in-hand with the development of the **BLACK MAGIC COLLECTION**.

TWO'S COMPANY

The aim of the game is to create a binary system in which utility and aesthetics work in tandem, creating relationships which are complementary rather than adversarial. Design defined by this equation brings objects to life and makes them vibrant.

Total hygiene:
no manual contact, hands are detected by infrared sensor

Multifunction:
compatible with liquid soap, foam or hydroalcoholic gel

Easy to fill:
ingenious tank with clip-on system to make it intuitive for maintenance staff

Nothing is missing
from this blend of technologies.
Beauty and utility have never
been so good together.

THE ELEGANCE OF BLACK

This trend is now spreading to commercial washrooms. A truly decorative element, the minimalist and timeless design of DELABIE's UNITO washbasin is ideal for public and commercial places such as offices and hotels.

Design:
black is forever in fashion and a sure bet that is timeless

Easy to clean:
Teflon® or PTFE is a non-stick material

Resistant to intensive use:
made from 304 stainless steel (unbreakable), matte black Teflon® or PTFE finish

MINI BAILA wall-mounted washbasin

ROUNDING OFF THE ANGLES

The washbasins are supplied without a waste, allowing specifiers to choose their decorative style: adding a black waste for a totally black ensemble, or a chrome-plated waste for a black/chrome mix-and-match look to match chrome-plated taps.

Design:
black is forever in fashion and a sure bet that is timeless

Easy to clean:
Teflon® or PTFE is a non-stick material

Resistant to intensive use:
made from 304 stainless steel (unbreakable), matte black Teflon® or PTFE finish

PAINT IT BLACK!

Teflon® is a non-stick surface.
Scale, the main challenge to black finishes, will struggle to find purchase on the surface.
Washroom cleaning and servicing is therefore simplified.

Design:
black is forever in fashion and a sure bet that is timeless

Quick and easy to install:
mounting from the front thanks to a stainless steel mounting frame

Easy to clean:
Teflon® or PTFE is a non-stick material

Resistant to intensive use:
made from 304 stainless steel (unbreakable), matte black Teflon® or PTFE finish

WCs with cisterns are outdated!
Combining hygiene, water saving and ecology,
the shortcut to the short flush is indispensable,
and is revolutionising the loo.

TEMPOFLUX 3 control plate for WCs

LEAKS, LET'S PULL THE PLUG!

Welcome to the era of cistern-less direct flush. The what?
At last, a leak-free flush that doesn't waste drinking water.
Also, there's no need to wait for the cistern to fill up and you save space: ideal for all public toilets.

Design:
black glass and premium chrome frame

Leak-free flush:
cistern-less, no leaks, 90% water savings

Resistance to intensive use:
designed to withstand intensive use in public places

GAME OF THRONES

Design goes over to the Dark Side of the Force!
Like a nod to the painter Soulages, the world of art and decoration also goes back to black.
Instead of fading into the background, black takes centre stage. And light subtly brings out its depths and contrasts, both powerful and elegant.

Design:
black is forever in fashion and a sure bet that is timeless

Easy to clean:
Teflon® or PTFE is a non-stick material

Resistant to intensive use:
made from 304 stainless steel (unbreakable), matte black Teflon® or PTFE finish
